At LaPorte, we know and understand the Oregon issues. We specialize in risk management techniques that offer our clients products and services to address their unique risk and exposures. Our strong carrier relationships allow us to offer all the insurance options our clients need. We understand the importance of having partners who recognize the risks, allowing our clients to provide representation with peace of mind.

YOUR RISKS ARE REAL

We understand that each law firm has a unique culture, so we design solutions specifically for your firm's needs as opposed to using a "one size fits all" approach. We tailor coverage to your firm's exposure and provide you with consulting services on important risk management issues. We work with top insurance underwriters who can provide limits above the state mandated \$300,000 and coverage that is broader than the PLF form.

CLAIMS SERVICE

Experiencing a claim can be stressful, and the best way to minimize that is through communication. Our dedicated claims administrator will provide quick and efficient assistance that will keep you informed throughout the entire claims process.
