## Promote healthy competition

Knowing that you've got a great team of professional drivers representing your business can take a huge load off your shoulders.

EROAD's Leaderboard provides you with an inside view of your fleet based on key driver metrics, enabling you to set up effective driver training and reward programmes.

The driver ranking shows how your drivers compare within your organization and tracks how they perform over time. The star rating compares your drivers against industry driver benchmarks.

Encourage better, safer driving and maintain your CSA score.
